

NEMA 5-15P

Plug with Power Light Indicator

Power with Visibility and Safety

At Volex, we design plugs that make safety visible. Our PS204 LI NEMA 5-15 plug is built with a 5mm LED lamp that emits a distinct soft green light when live current is present.

The plug is overmolded in clear green PVC and features solid nickel-plated live and neutral pins with ground, rated for 15A at 125V.

This UL certified plug is ideal for equipment and appliances installed in basements or flood-prone areas, providing an early warning that reduces the risk of electric shock.

Plug Features:

- ✓ Embedded 5mm round green LED lamps lasting up to 45,000 hours in normal conditions
- ✓ Nickel plated solid pins
- ✓ Light Green clear over-mold
- ✓ More robust wide body and strain-relief design
- ✓ UL and c-UL certified
