

Custom Discrete NEMA 5-15 and 1-15 Plugs

As an OEM, you know that every millimeter counts in modern product design. Volex's custom discrete NEMA 5-15 and 1-15 plugs are engineered to help you maximize usable space within your assemblies and finished products.

With Volex, you gain a partner committed to compliance, cost efficiency and supply chain reliability.

Our vertically integrated operations and global footprint ensure consistent quality and on-time delivery for your production needs.

Key advantages for OEM partners:

- ✓ Slim, compact profile enables tighter packaging and streamlined integration
- ✓ Solid nickel-plated pin blades
- ✓ Step thumb-grips facilitate easy removal, even in low-clearance environments
- ✓ 45° angle twist preserves access to adjacent outlets, supporting multi-device configurations
- ✓ Anti-tracking housing option meets international safety standards, including requirements for Japanese markets
